FireBall SE-D1
DVD and Music Manager

the missing link to your movie collection!

Now available from Escient, the pioneer of home theater DVD storage and management, the affordable FireBall SE-D1 DVD and CD Changer Manager. Imagine instant access to any DVD movie or CD without leaving the couch. Coupled with the 400 disc Sony DVP-CX777ES DVD/CD changer, the Escient FireBall SE-D1 makes storing, browsing, and enjoying your movie and music collection as easy as changing channels on your TV. No more fumbling though disc boxes, looking for missing discs, or worrying about scratched discs. Let the Escient FireBall SE-D1 store, protect, and manage all of your DVD and CD discs through it's easy to use on-screen TV display.

DVD AND MUSIC MANAGEMENT FEATURES

- **Instant Movie and Music Access** – instantly access any DVD or CD in your collection using the intuitive on-screen guide
- **Multiple Movie and Music Views** – view your movies and music by genre, title or cover art
- **Detailed Movie Descriptions** – get on-screen information including cast, rating, genre, year, run time, and detailed descriptions for every movie in your collection
- **Store and Protect** – safely store your entire DVD and CD collection in one 400 disc Sony changer
- **Value Minded** – it costs less to store 400 DVDs in an external changer compared to hard drive storage or expensive entertainment center furniture
- **Automatic Disc Identification** – uses Escient's MovieDB™ and Gracenote CDDB for the best possible disc matching in the world
- **Automatic Cover Art** – full color cover art for every disc is automatically located and displayed for you
- **Network Music Player** – play digital music from FireBall Music servers located on the same network
- **Parental Controls** – limit which DVDs can be browsed and played by your kids
- **Fully Customizable** – create and edit your own movie and music genres and create custom music playlists and add your own Internet radio stations
- **Free WMA and Shoutcast Internet Radio** – high quality Internet Radio stations updated automatically using the Escient RadioDB Tuning Service
- **Built-in Video Switcher** – automatic changer selection and A/V routing to your receiver or TV using only one input

INTERFACE AND CONTROL FEATURES

- **On-screen Graphical User Interface** – often imitated, but never duplicated, simply the best interface around can now be customized with personalized backgrounds to match any décor
- **Web Browser and PDA Remote Control** – take control of your movie and music collection from any standard web browser or PDA
- **FireBall-PC** – support for browsing and playing music stored on PC or Mac
