Get the **EPIC** shot,
with almost any camera.

EPIC 100

EPIC Pro

GigaPan EPIC robotic camera mounts make it easy to capture incredibly detailed images and work seamlessly with **GigaPan Stitch** software and **GigaPan.com.** Each EPIC is designed for exceptional performance with a specific range of cameras – the EPIC Pro for DSLRs, the EPIC 100 for larger point-and-shoots, and the EPIC for compact digitals. With NASA based technology, EPIC mounts allow your camera to take tens, hundreds or even thousands of photos. These images are combined into a single gigapixel panorama by GigaPan Stitch software. Upload and zoom into the incredible detail of your panoramas at GigaPan.com, where you can view, share and explore thousands of GigaPan images from around the world.

EPIC

EPIC Pro

EPIC Series

GigaPan EPIC Pro, EPIC 100 and EPIC are revolutionary robotic camera mounts featuring advanced technology and excellent design from the leader in gigapixel imaging. Created for exceptional performance and beautiful results, all GigaPan EPIC mounts have the following special features:

- **Motorized movement**
- **Precise adjustments for optimal accuracy**
- **360 degree panoramic range of motion**
- **Easy set up, all fit standard tripods**
- **Onboard bubble levels**
- **Easy-to-navigate menu**
- **Adjustable picture overlap**
- **Options to repeat shots, adjust time between exposures or shoot in rows or columns**

GigaPan EPIC Pro

- EPIC Pro works with almost all DSLR cameras.
- Camera and lens combinations of up to 10 lbs can be used with the EPIC Pro.
- Rechargeable battery pack included.
- Strong and durable, yet lightweight with magnesium chassis and aluminum arm.
- Weighs less than 8 lbs with battery pack.
- Features +90/-65 tilt range of motion.
- Multiple triggering option allows the EPIC Pro to take multiple pictures (20) at each image location.
- Trigger EPIC Pro remotely or manually.

GigaPan EPIC 100

- Compact, robust, durable and lightweight.
- Extendable metal plate and non-slip pad allow for optimal camera positioning.
- Removable battery pack, requires 6AA (rechargeable NiMH or Lithium recommended).
- Multiple shutter enables multiple pictures at each image location up to 9 times per position.

GigaPan EPIC

- Ideal for travel and adventure, works with many compact digital cameras.
- Compact, robust, durable and lightweight.
- Removable battery pack, requires 6AA (rechargeable NiMH or Lithium recommended).
