

# Floorstanding Loudspeaker

# WF-35

- Patent-pending XT Tractrix® Horn technology
- Titanium tweeter for precise highs
- Triple high-output woofers for amazing lows
- Removable magnetic grille
- Espresso or cabernet wood veneer finish

To the eye, the WF-35 floorstander reflects a classic approach, featuring a furniture-grade wood veneer cabinet available in an espresso or a cabernet finish. But to the ear, there is nothing traditional about it.

Using only the finest materials and technology, the sophisticated WF-35 delivers full-bodied sound performances from a slimmer enclosure. It employs three 5.25-inch high-output fiberglass cone woofers with powerful ceramic motor structures to deliver the kind of bass you hear and feel. But what really makes this speaker shine is an all-new patent-pending Tractrix® Horn-loaded tweeter with XT technology.

For over 60 years, horns have been the driving force behind our signature high-output, low-distortion sound. XT—or X-Tractrix—engineering takes this time-proven philosophy to new heights by altering the surface geometry, which equalizes the speed of sound waves from the horn and smoothes the dispersion pattern.

The Icon W Series exemplifies our past and present, with cutting-edge audio design and timeless beauty. For truly unsurpassed home audio experiences from a speaker that compliments any living space, the WF-35 is the ideal choice.

## SPECIFICATIONS

frequency response	45Hz-20kHz +/-3dB
low frequency extension	45hz
power handling	150 w @ 8 ohms
sensitivity	97 dB
nominal impedance	8 ohms
crossover frequency	2500Hz
high frequency drivers	1" (2.5cm) Titanium diaphragm compression driver mated to a 4.5" 80° x 80° round Tractrix® horn
low frequency drivers	Triple 5.25" (13.3cm) high-output, fiberglass cone woofers
enclosure material	MDF
enclosure type	Bass-reflex via dual rear-firing ports
height	43" (109.2cm)
width	7.25" (18.4cm)
depth	11.75" (29.8cm)
weight	41 lbs
finishes	Furniture Grade Wood Veneer available in Cabernet and Espresso
