MODELS: WD-57833 | WD-65833 | WD-73833

WD-57833 Shown  
Cabinet Color: Black Pearl (High Gloss)  
Accent: Blue Light

**More color, for a more colorful image.** Mitsubishi is taking Color to a new level with x.v.Color™ support and its exclusive 6-Color Light Engine™. x.v.Color is the new standard for HDTV and it enables 80% more color than standard HDTV! Mitsubishi's 6-Color Light Engine™ processes and produces images with six different colors instead of the traditional three to display a wider range of colors, brighter colors and whiter whites. Additional color features such as Color 4D Noise Reduction, PerfectColor™ and PerfectTint™ allow for additional advanced color processing and adjustment. The result is breathtaking realism with vivid, yet natural Color Without Compromise.

**Larger screen, not larger spaces.** These 833 Series Diamond 57", 65" and 73" 1080p DLP® HDTVs feature Mitsubishi's unique TurboLight180™ lamp system and Plush1080p® processing for both unsurpassed detail in over 2 million pixels and for bright, vibrant images. Mitsubishi's Smooth120Hz™ minimizes motion blur especially in fast moving action scenes. The Diamond's stunning High Definition picture is further enhanced by its sleek and modern look finished in black pearl. Mitsubishi's compact, simple design provides more picture with less frame. This year even the 73" Diamond 1080p DLP® HDTV gets a thin frame, and a dramatically thinner cabinet. With 1080p and a compact cabinet, get a larger screen and sit closer than ever before! Go ahead and get into the action, immerse yourself...

**Lots of connections, made easy.** Mitsubishi leads the industry with 3 rear HDMI™ 1.3 inputs and 2 rear component inputs for maximum HD connectivity. Both a front HDMI™ 1.3 input and a Front Component Video Input allow you to easily connect your favorite HD game system. Additionally, a FireWire® interface and a USB Input for up to 5 Mega Pixel pictures connect you to more HD components than ever before. And Mitsubishi's Easy Connect™ along with NetCommand® make set-up and single remote operation of all your AV components so easy.

## Get the Perfect Picture Every Time

- 1080p DLP® Display
- Mitsubishi Exclusive 6-Color Light Engine™
- x.v.Color™
- Deep Color
- TurboLight180™
- Dark Detailer™
- Smooth120Hz™
- Plush1080p®
- Tru1080p™ Processing
- Color 4D Video Noise Reduction
- PerfectColor™
- PerfectTint™
- DeepField™ Imager
- SharpEdge™
- Video Modes: Brilliant / Bright / Natural / Game

## Watch TV Your Way

- TV Guide On Screen® 9.0
- Easy Connect™
- NetCommand®
- Game FX
- Front USB Input (5 Mega Pixel Photo)
- Front HDMI™ 1.3 Input
- 3 Rear HDMI™ 1.3 Inputs
- SimplayHD™ Certified HDMI™
- Front Component Video Input
- 2 Rear Component Inputs
- IEEE 1394 (Playback and Record)
- RS-232C
- Fully-Illuminated Remote
