good choice.

If you're reading this, you must have excellent taste in electronics – so I don't need to say too much... but here's a quick note about why I decided to create my own line of luxury headphones by SMS Audio™:

First: Sound quality. I like my music to sound the same at home, around the city or on the road as it does in the studio.

Second: Style. Comfort and luxury are important to me from head to toe, and my accessories should accent my style, not detract from it.

Third: Toughness. I like the things I buy to last a long time, and my headphones get heavy usage. That's why SMS headphones are made tough, rugged and flexible.

I hope you enjoy them as much as I do - I have a pair with me at all times so I never have to be far away from the music I enjoy.

P.S. Tweet up and let me know what you think: @SMSby50 and @50cent.

Listening to Music

- 2] Adjust the volume on the audio device until you reach the desired volume level, keeping in mind that listening to music too loudly for extended periods can damage your hearing.
- 3] Adjust the headband extensions for proper fit until the earcups sit comfortably around your ears.

Audio Controls*

- To skip tracks, simply press the **CALL ANSWER / AUDIO CONTROL (≡)** button on the audio/mic cable twice quickly.
- To go back one track, quickly press the **CALL ANSWER / AUDIO CONTROL (≡)** button on the audio/mic cable three times.
- To answer an incoming phone call, press the **CALL ANSWER (≡)** button on the audio/mic cable once; press it again to hang up.

Music playback will automatically pause in the event of an incoming call; if you receive the call, music will remain on pause until you hang up, and then automatically resume playback when the call ends.

FAQ

What audio devices will work with my STREET by 50™ headphones?

Your headphones are compatible with any device that has a 3.5mm stereo jack, by simply plugging the 3.5mm audio cable directly into the audio source; examples include MP3 players, iPod®, iPhone™, iPad™, tablet PCs, CD players, some mobile devices, portable gaming devices and laptops.

How do I clean my headphones without damaging them?

Your headphones come with a special cleaning and polishing cloth for periodic dry cleaning. **Never** use any liquids, fluids, solutions or solvents on your headphones as you may damage them and void the warranty.

Are these “noise-cancelling” headphones?

STREET by 50™ headphones do not have active noise cancelling technology. Our unique shape and earcup design do provide passive sound isolation with lower background noise.
