

High Definition Sound

- Aluminum driver housing and unique pressure-relief system produces precise, low-distortion bass
- Passive noise reduction from the intra-canal design allows more details in your music and less outside noise

Greater Listening Comfort

- Pressure-relief system reduces air pressure in your ear, ensuring more comfortable wear
- Multiple eartip sizes are included to provide the perfect fit

Features

- Flat, rugged tangle-resistant cable
- Sleek styling and color with protective zippered case
- Works with iPod®, iPhone®, iPad®, Android™ and other portable music players

Specifications
