PRO.40™
HIGH-PERFORMANCE HEADPHONES

MANUAL & WARRANTY

SAFETY

Warning! Continued exposure to loud noise (more than 85 decibels) (dBA) may cause gradual but permanent damage to hearing.

Begin your listening experience with volume turned down to low levels before firing up your PRO40™. Gradually turn up volume until you achieve a comfortable level. Never listen at high volumes for long periods. Doing so can result in permanent hearing damage. Please visit **www.drf.org** or **www.dangerousdecibels.org** for more information. Always be aware of your surroundings while using PRO40 headphones.

Do not use if conducting any activity requiring your full attention (ex: operating a vehicle, crossing street).

Keep out of reach of children. Headphone components and the parts included in this package can become choking hazards. Product not intended for children. Please be responsible with any and all components.

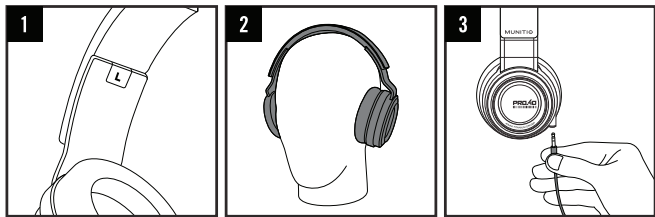

PRODUCT DESCRIPTION

- **CODA AXIS™** in-line gimbal technology provides each earcup a full range of motion to maximize comfort without disturbing the speaker drivers.
- **40mm titanium**-coated dynamic drivers deliver high efficiency and low distortion. This results in a more precise, detailed and accurate sound experience throughout the entire frequency range.
- High-density **polymer** and **aluminum alloy** construction will sustain heavy use in any environment.
- **Ultra-soft**, lightweight ear pad cushions allow for longer and more enjoyable listening sessions with maximum isolation.
- **24K Gold**-plated removable cable fulfills a range of needs. Command your playlist with MUNITIO 3-button **[M]ic Control™** for audio mobility.

PERFORMANCE

Carefully put the headphones over your ears, making sure to have a snug, secure and comfortable fit.

See illustration (1) for location of headphone LEFT/RIGHT indicators.

1- Earcups have LEFT and RIGHT indicators for use.

2- Place earcup to corresponding ear.

3- Insert audio cable adapter into the LEFT earcup.

Break-in your PRO40™ headphones. Sound will get louder, warmer, and crisper as they gradually break in with each use.

[M]ic Control™ FUNCTION

- Press center button once to Answer/End calls.
- Press up or down button for Volume Control.
- Press center button once to Play/Pause song.
- Press center button twice rapidly to Fast Forward to next track.
- Press center button three times rapidly to Rewind one track.
- Press and hold center button until you hear a prompt for hands-free Voice Control (on supporting devices).

TROUBLESHOOTING

If you are experiencing distortion, or crackle or hear sound in only one ear, make sure connector is plugged all the way into jack. If that does not solve the problem, check cable and plug for any damage.

If you are experiencing excessive or inadequate sound, make sure you turn off any sound enhancing features from your device.

Each song or style of music has its own sound characteristics. Remember to EQ properly for optimum sound response.

CARE

- Use a dry cloth when cleaning your headphones.
- Gently wipe the earpads to remove excess dirt.
- Do not use any type of cleaning solution on the headphones.
